Meet our President

“With equality, respect and inclusion as fundamental values, we work to achieve our goal.”

Luciana Mora is an Argentinian lawyer and mother of four children. She arrived in Washington at the end of 2018, with her husband and youngest son: "We struggled to get Simon adapted," she tells us. "In addition, I had left my job, I needed to reconnect with the world of work, and I was quite lost," she tells us: "One day, I decided to go to the Welcoming Coffee. I arrived a little shy, but a few minutes later, I realized that there were many of us who were going through the same thing, and the Association had the tools to help us." She adds that she became increasingly involved in Association activities, then oversaw the Sociocultural Division, and today is in this new role of President. "I intend simply to accompany those who arrive at this destination," she says, "to pave the way for them a little from my own experience and that of the other members who accompany us."
